As you said! Comrade policeman!
Damn you! Why don't you die out there!

Damn it! Even my luck got bad because of you!
Hey, you got money?
You still dare to ask for money?
No? I'll borrow some from the streets then
You!!
What for?

Sigh, that damn kid is hapeless
He brawled again?
Of course!
What a thug! Living his thug life!
He used to follow that transgender 'big bro'
And he's on his own after that man was stabbed to death!
He's gonna be stabbed to death saoner or later!
Hey! Old Wang, don't talk about your own son like that!
Why are you sitting here?
.....

You brawled again right?
And quarrelled with your dad

Oh, it's you, Lili
Look at your attitude!
I have no interest in quarrelling with my old man

Sigh

Hanging around with bad kids every day
And ice lollies! You are really a bad kid refusing to grow up

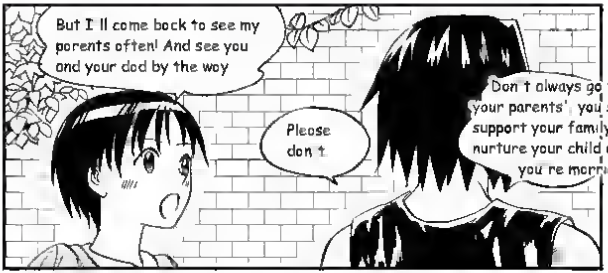
Bad kid? That's not how you swear nowadays.
What?!
Try something mean.
Fool, silly and...
I'm not listening! Disgusting!
Really!
Throw away the stick after you finish!
Isn't it all
What?

No, nothing
You're already in your 20s
How about look for a job?
My dad asked you to say that right? Please don't I'm not listening
You !!
What else? Just leave if you jave nothing more
That's annoying! You won't have the chance in the future even if you want me to say those words to you!
Um?
What does that mean?

I mean...
On the day after tomorrow...
Go to Tanzhou Hotel for a banquet lunch
My wedding...
Oh
Who's the groom?
A college graduate
White collar
The key point is he's nice to me
Oh...
Congratulations I'll definitely go, there's good food
After twenty years in this shabby hutong
You can finally fly away right?
Yeah...



But I'll come back to see my parents often! And see you and your dad by the way
Please don't
Don't always go to your parents', you should support your family and nurture your child once you're married off.

I didn't know a bad kid like you knew the word 'nurture'
Are you looking down upon me?!
I'm going to have dinner

Wait!
What else?

Wear something proper on that day!
... .....

Did you hear me?
OK
I promise
Cracking

Ho! How extravagant.
I heard the man's father is a businessman and filthy rich
Wedding of Mr Meng and Miss Niu 婚礼
T/N: In China women don't usually change their surname even after marriage. However if you want to use the title Mrs you still should use her husband's family name, which is why it is rarely used today.
I don't have money to prepare you a wedding like this
Don't bother
Here here, gift money
T/N: In China wedding guests are supposed to give the hosts cash as wedding gifts, not other things.
Lili is our old neighbour I'll give her twenty
* In mid-1990s, the standard of that area is 10 CNY
Don't we have a 50 here? Let's give 50
T/N: 10 CNY equals roughly 1.1 USD in mid 1990s
Just go in already

You spendthrift! Think of our condition! Why did you give that much!
So? You earned it through playing Mahjong
That's our only income!
Our seats are there
